LAKEVIEW INSTITUTE OF BUSINESS STUDIES

Placement Cell Guidelines

Effective July 2026

1. Eligibility

Final-year students with an aggregate score of 60% or above and no pending backlogs may register with the Placement Cell. Registration closes on 15 August.

2. One-offer rule

A student who accepts an offer can apply to only one more company, and only if that company's offer is at least 1.5 times the salary of the accepted offer.

3. Conduct

Students must attend every pre-placement talk for companies they apply to. Missing an interview without informing the Placement Cell leads to removal from the next two drives.

4. Internships

Summer internships must be at least eight weeks long. Students must submit an internship report and a completion letter by 30 September.
